Lyric

Twilight all night
May 9th
Stockholm is so cold and damp
No place to go
No place to stay warm

The station closed
I had to go
It's too late to find a room
Ducking out from rainy streets
Checking out this night beat

Night beat
Looking for shelter, looking for heat
Night beat
Looking for shelter
Walking this street

Take a walk
A cafe stop
Coffee buys some time inside
Watching people making deals
Wish I felt like they feel

Night beat
Looking for shelter, looking for heat
Night beat
Looking for shelter
Walking this street

Counting hours off
Two more 'til day break
Burn off this dim night
Sun light will warm me

Night beat
Looking for shelter, looking for heat
Night beat
Looking for shelter
Walking this street
Night beat, night beat, night beat
Yeah, yeah
